MESSAGE FROM THE DIRECTOR-GENERAL OF INVESTMENT PROMOTION

投資推廣署署長的話

2024 was a very fruitful year for InvestHK, marked by a steady stream of foreign investments flowing into Hong Kong. We supported 539 overseas and Mainland companies in setting up or expanding their businesses in our city, achieving an all-time high with a year-on-year increase of 41 percent. These completed projects brought in HK\$67.7 billion in foreign direct investment, created more than 6,864 iobs, and came from 39 economies around the world. We anticipate continued growth in the department's portfolio, driven by the gradual recovery of the global economy and ongoing support at the national level.

Record-high numbers of companies and startups affirm Hong Kong as a great place to do business. The 2024 Annual Survey of Companies in Hong Kong with Parent Companies Located outside Hong Kong, jointly conducted by InvestHK and the Census and Statistics Department, indicates that the number of Hong Kong companies with parent companies overseas or on the Mainland reached 9,960 companies, an increase of 10 percent compared to last year. Additionally, the 2024 Startup Survey reveals that the total number of startups surged to 4,694, up 10 percent from last year. Ranked as the world's freest economy by the Fraser Institute, Hong Kong has established itself as a preferred international hub for overseas and Mainland companies to conduct their regional and local operations.

As we explore market dynamics, sectors such as FinTech and sustainability are emerging as key players in our vibrant innovation and technology (I&T) and financial services ecosystems. At the same time, family office initiatives are gaining momentum, and the New Capital Investment Entrant Scheme,

launched in March, attracted applications that could potentially inject over HK\$24 billion into our economy.

We organised and supported hundreds of events and conferences throughout the year, showcasing Hong Kong's unique advantages and prospects, and attracting more businesses to our city. Our signature events, such as the Wealth for Good in Hong Kong Summit, the StartmeupHK Festival and the Hong Kong FinTech Week, turned the spotlight on Hong Kong's dynamic innovation and investment landscape.

Enhancing Hong Kong's visibility on the global stage is our top priority. Through strategic visits and engaging conversations with partners in Mainland China, ASEAN countries, Europe, and the Middle East, we unlocked exciting new opportunities for collaboration. In addition, our newly established offices in

Cairo and Izmir enable us to engage more effectively with our international stakeholders.

With our continuous efforts in strengthening our partnership in different regions, we signed Memoranda of Understanding (MOUs) with various organisations, including the Ministry of Investment of Saudi Arabia, the Bay Area Council in San Francisco, the Crypto Valley Association in Switzerland, and the Abu Dhabi Chamber of Commerce and Industry. On the corporate level, we also had such agreements signed with companies running key projects in the biomedical, chemical and financial sectors.

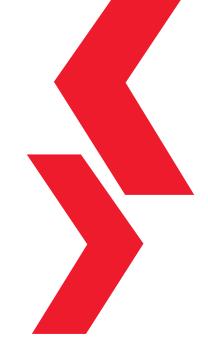

At InvestHK, our mission is to empower the growth of businesses by harnessing the diverse and emerging opportunities offered by our vibrant city, while strengthening Hong Kong's status as the premier business destination in Asia. I would like to extend my heartfelt thanks to our partners, government bureaux

and departments for the joint efforts in attracting more investments and businesses to our city.

As we celebrate our 25th anniversary in 2025, I am very excited about the opportunities that lie ahead. Together, we will keep pushing the boundaries to ensure that Hong Kong remains an irresistible magnet for global business.
